

ST Electronics of St. Pete Signs Agreement with Preen

For immediate release

ST Electronics International based in St. Petersburg FL has announced a comprehensive marketing agreement with Preen AC Power Corp of Irvine CA and Taiwan.

"Preen AC Power is a world class supplier of power supply management," said Chris Mikowski, President and CEO of ST Electronics. "It is a great fit for our aerospace, military and commercial business. We look forward to working with the highly skilled staff there."

Power supplies of this type are huge, portable devices that, for example, supply power to an airplane while it is on the ground being serviced. In addition, according to Brian Hsu, product marketing manager, Preen AC Power services test and measurement instrumentation, product manufacturing, military, aerospace, aviation, and laboratories. It also provides power consultant services to develop custom specialty products to assist customers with power issues, size issues, water proofing, vibration and compliance to MIL-STD704 standard.
